

Pilot exam theory workshops. 2024/25

We will be holding the second Pilot Exam theory workshop on 13th November, covering the topic of navigation and air law. The third and final session will be on 4th December, covering meteorology. The aim of the workshops is to aid people taking the exam and the input/discussions will be limited to the subjects covered by the exam.

The workshops will be in the Harvey Room (go through the main door and turn right) of Braithwaite Institute, starting promptly at 18:30-20:00

Please send a WhatsApp message to Martin Knight (+447756855768) if you plan on attending.

Pilot Exam

We will be holding a session for candidates to sit the Pilot Exam on 11th January 2025, 10:00-12:00 in Braithwaite for those with their Tasks signed off. If you wish to sit the exam at this session, please send your name and BHPA number via WhatsApp to Mike Harper (+447792216286) before December so that we can apply for your exam paper.

We encourage you to obtain Pilot rating to ensure that your insurance is valid when you fly XC. Being Pilot rating is also a requirement if you want to log your flights in the XCLeague, outside of a coaching environment.
